

## SUGGESTED FUTURE WORK PROGRAMME

### A. CONSIDERATION OF AGENDA ITEM 6

1. Following conclusion of the present stage of proceedings (presentations, questioning and responses) Plenary should, in a short session,
  - (a) fix 2 September as the date for the next Plenary session, to be preceded on 1 September by a meeting of the business committee
  - (b) give parties the opportunity, before Plenary adjourns for the summer recess, to specify the matters relevant to Agenda Item 6 which are of particular interest to them
  - (c) invite papers from delegations addressing these matters, for initial consideration by the business committee at its meeting on 1 September
  - (d) fix noon on 28 August as the deadline for presentation of papers to the Chairman, who will arrange for distribution to delegations.
2. The business committee, at its meeting on 1 September, would, following its initial consideration of papers, recommend to Plenary what might be the terms of Plenary's mandate to a committee that Plenary would constitute.
3. At its meeting on 2 September, Plenary might:
  - (a) receive a brief report from the business committee
  - (b) constitute a committee (say 3 delegates per delegation)
  - (c) refer the papers on Agenda Item 6 to that committee, with a mandate that would be guided by the business committee's report but would, in general terms, direct the committee to meet forthwith and:
    - (i) consider and discuss the papers; and
    - (ii) report back to Plenary on Agenda Item 6 within a specified time.

### B. GENERAL

1. Plenary sessions to be held as appropriate in the course of the committee's consideration of papers and preparation of reports.
2. Full opportunity to be taken by the Chairman to confer from time to time with delegation leaders over sticking points which may emerge.
