Dear Mr Trimble

On behalf of FAIT I would like to thank you for taking so much interest in the issues that we are working with. Our joint press conference gave FAIT's campaign a much needed boost.

Could I also urge you to consider our proposals for the setting up of an all party Assembly committee to examine the needs and concerns of victims and for Victims Groups to be given representation in the proposed Civic Forum.

I'm sure you will agree that it is vital, given the alienation many victims feel, that their concerns are heard at the heart of the decision making process. Obviously this development would not end this alienation, but many victims would greatly appreciate this step to ensure their voice is heard.

We hope you could take these proposals on board and once again let me thank you for your sincere interest in our campaign and indeed the concerns of victims.

Yours Sincerely

Glyn Roberts  
Director of Development
