Dear Ann

Enclosed is a copy of the Northern Ireland Bill which will be debated in Parliament up until the time the Parliament rises in the first part of August.

I would be very interested in hearing any responses that you might have to this bill.

However, given the enormous time constraints surrounding the bill, it would be best if you could respond quickly.

I do appreciate your continued interest in bringing peace and equality to Northern Ireland. Any feedback you could offer would be very helpful.

Sincerely yours,

Helen Jackson MP  
Sheffield Hillsborough
