I agreed to
Hume in Donegal

He sounded off

He wanted to show me some
papers.

I will need a list of all
the pitfalls to avoid in any
possible proposal he may
have from Jim Flinn.

It might be useful to read John
Hume letters ~~by~~ my Dad

Replies of yesterday, and
my reply to Adam's speech
which puts some clear
~~for~~ questions about the
status of the IRA in
any "Irish democratic consensus".
The point in Mr Adam's speech
where he quotes "democracy"
and "an end to the British presence"
is relevant too.
