IBEC/CBI "JOINT BUSINESS COUNCIL" DOCUMENT: "THE SINGLE MARKET, RECOMMENDATIONS FOR THE IRISH PRESIDENCY"

Background

1. Mr William Poole, Business Development Programme Director of the "Joint Business Council [a partnership of IBEC and the CBI] has written to Baroness Denton enclosing a copy of the above titled paper seeking the Minister's support on the issues raised and asking for a meeting with her to discuss same.
2. Most of the issues raised in the paper are outside the immediate control of the Department of Economic Development and thus it is necessary to circulate the document to relevant officials to allow them to study the contents and provide briefing and advice as appropriate.

Action

3. I enclose a copy of the document for your attention. I have marked the issues which I understand fall to your area of responsibility.
4. I should be grateful if you would arrange for relevant officials in your Department/Agency etc to study the paragraphs marked and to provide comment on the issues raised and advice on whether the Minister should agree to a meeting. [Note: with regard to the latter a holding reply has already issued which is non committal on the issue of a meeting being arranged.]

FURTHER IRISH SIBS

The Irish Joint Secretary, Dublin, yesterday details of 3 individuals who were at the hands of the RUC on 11 and 12 July, making a statement. It appears that information about the individuals was provided before the Department of the Foreign Office, Dublin, for West Galway.

As in the case of the other two individuals and questions put to yesterday, I would be happy to provide guidance on our response together with whatever information can be made available.

Signed

J. R. FIANNA
