10 DOWNING STREET

Prime Minister

This is dangerous stuff.
The UUP want to have an
"internal settlement",
which sounds generous
but would in fact
enshrine the Unionist
position. There is no
chance whatsoever of
this being acceptable to
the SDLP or the Irish,
and Trimble will have
to be disabused of the
illusion that you could
substitute this alternative
agenda, which he
has long sought. You
may have to do
this soon.
