HOUSE OF COMMONS
LONDON SW1A 0AA

The Prime Minister
10 Downing Street
London, SW1

6th December 1995

Dear Prime Minister,

Greetings.
I know you are very busy with engagements but I do realise you wish to be in Northern Ireland fairly regularly.

This week you presented a Charter Mark to the Cardiology Unit at the Belfast City Hospital Trust. I was privileged to have them also in the Palace of Westminster.

may I issue an invitation to visit The City Hospital on your next visit. It is in Belfast South and I know you will be welcomed. Should you want to be around the Christmas recess it would be also be very appropriate.

The City grew from the old workhouse and has developed outstanding obstetric care in the Tuluke; Renal, Oncology and Cardiac specialties in the Lower Block, as well as Psychiatry and Geriatric Care. The new Blood Transfusion Unit is on the Campus also. I have not discussed this with the Trust Board or management but I know they would be glad to receive you.

Yours sincerely
W Martin Smyth

cc Sir Patrick Maguire.
